WISDOM WAVES

Masti Venkatesha Iyengar

Surreal Stories in Short Seconds!

The short story genre has the magical ability to captivate the heart in a brief span of time. It is a wonderful piece of art and an exciting way to fill the idle time, as it can express a lot of emotions and teach us significant lessons in a few hundred words. Celebrated for his short stories, Masti Venkatesha Iyengar is a renowned storyteller from Karnataka. He is referred to as "Maasti, Kannadada Aasti," which translates to "Masti, Kannada's Treasure."

Born on 6th June 1891, this benevolent writer, with his pen name Srinivasa, has written more than 123 books in Kannada, 17 in English, and several poems on the themes of philosophy, aesthetics, and social concerns. He published his first work in 1910, known as 'Rangana Maduve,' while his most notable work in modern Kannada literature is 'Kelavu Sanna Kathegalu.' In addition to writing, he composed and translated several plays during his tenure as editor of Jivana, a monthly newspaper, from 1944 to 1965.

During his seventy-year writing career, Nalvadi Krishnaraja Wodeyar, the then Maharaja of Mysore, entrusted him with the title of Rajasevasakta. In 1983, he also won the Jnanpith Award for his novel Chikka Veera Rajendra, which tells the tale of the final Raja of Kodagu. In 1985, he created Maatugara Ramanna, which became his last work as the prolific author passed away on 6th June 1986, leaving behind a wealth of knowledge and wisdom.

The Industrialist!

The Inspiration!

The Icon!

Here is a tribute to the finest industrialist and philanthropist of the nation, Mr. Ratan Naval Tata. His legacy of innovation intertwined with compassion will be a forever inspiration to the youngsters taking over the nation.

A man known for his visionary spirit, Ratan Naval Tata, the chairman of TATA Group and TATA Sons (1991-2012), was born on 28th December 1937 in the Bombay Province. He graduated from Cornell University with a bachelor's degree in architecture and joined the Tata Group in 1962 as an assistant at Tata Industries. As time went by, he gathered a lot of experiences with training programmes and representative initiatives at the Tata Group.

On 25th March 1991, he took over one of the country's biggest conglomerates, Tata Group, after JRD Tata. And, in his initial years, he rose above the surge of the LPG movement with his shrewd resolutions and visionary mindset. This depicted his leadership characteristics along with the innovative spirit, leading the TATA Group to its glory.

The liberalisation, privatisation, and globalisation offered Mr. Tata a great opportunity to expand his empire globally. Also, during his tenure, the TATA brands became household names, exhibiting the trust earned from the public. This includes TATA Salt, TATA Nano, Titan Watches, TCS, and many others.

Furthermore, Mr. Ratan Tata played a major role in aiding the development of the youth with the scholarships along with the health care facilities created for the elderly. His stewardship will always be a remarkable one, that contributed to nation-building in parallel with service to society.
